

“The Lord watches over those who fear him, those who rely on his unfailing love”

*Psalm 33:18*

During this time I have been reading Psalm 33. It tells of God’s unconditional, unending love. God’s love is deeper, wider and higher than we can imagine. God loved us so much he sent his Son for us. He created Adam and then Eve to be his soulmate as he did not want him to be alone. One day we will be with God and see him face to face - as many of us are longing to do with people just now. Until then, we can enjoy the richness of God’s presence.

“Praise the Lord with melodies on the lyre; make music for him on the ten-stringed harp.”

*Psalm 33:2*

Psalm 33 is an unattributed Psalm with a call to worship God and praise Him with music. I have been enjoying the Song for Today appearing on the website each day, and learning many tunes I did not know before. It is good to praise God as it uplifts our spirits and strongly reminds us of many truths. For those with YouTube, I would recommend the Getty family hymn sing as it is very inspiring to see the whole family worshipping God.

“The Lord merely spoke; and the heavens were created.”

*Psalm 33:6*

God’s creation is more beautiful than ever as the quietness of the streets and surrounding countryside and parks is revealed in all its glory. As lockdown is eased in England, we can spend more time outdoors and appreciate God’s work. Even in Scotland, the hour’s exercise for those who can provides a welcome relief from Zoom and I have heard reports that the weather is improving!

“The best-equipped army cannot save a king, nor is great strength enough to save a warrior.”

*Psalm 33:16*

We are relying on scientists and the government heavily during this pandemic. God gives people gifts and we can use them in many ways - now my exams are over, I am hoping to volunteer in a local pharmacy to help ease the workload there. However, what people really need is Jesus Christ. He is the only one who can save us.

God bless you all, and I hope to see you again soon.
